

THE RAINMAKER ADVANTAGE PLAN®

A capitalization structure.
Designed around an exit strategy.

Mitigate or
Eliminate Taxes

Wealth Building
Solution

Boost
Funding Power

The pioneers of ROBS (Rollovers as Business Startups) funding have done it again! Benetrends Financial's Rainmaker Advantage Plan is an **innovative cash injection program** that allows clients to buy a business now and eliminate or minimize future taxes on gains on the sale of the business.

The proceeds from the sale of the business can remain in the plan and continue to **grow tax-free**. When money is withdrawn, it will not be subject to federal or state taxes.

The Rainmaker Advantage Plan solves several funding challenges such as:

- Improving interest in business ownership
- Provides an advantage in business ownership when compared to employment
- Provides flexibility in set-up and exit of business
- Compatible with financing through the SBA
- Provides a tax-free exit of business ownership*
- Protects clients' wealth and inheritance for subsequent generations while creating tax-free gains
